Target Audience

The INFINIBAR 6-Way Flat Connector is ideal for users who want to create a rotating 6-light array of INFINIBARS to achieve unique in-camera practical or accent lighting effects.

Product Description

The INFINIBAR 6-Way Flat Connector is an all-metal mounting accessory that is designed to be used with any INFINIBAR to create a rotating lighting shape consisting of six INFINIBAR lights. This connector can be used in conjunction with any INFINIBAR fixture and any other INFINIBAR connector to create a myriad of special lighting shapes and volumes to suit an infinite number of light design needs.
