Target Audience

The INFINIBAR Straight Connector is ideal for users who want to securely build a longer or odd-length rectilinear bar fixture using INFINIBARS.

Product Description

The INFINIBAR Straight Connector is an all-metal mounting accessory that is designed to be used with any INFINIBAR to create longer, odd-length, or 90° angle pixel bar fixtures. This connector can be used in conjunction with any two INFINIBAR fixtures and any other INFINIBAR connector to create a myriad of special lighting shapes and volumes to suit an infinite number of light design needs.
