Dear Sir,

We, **SWASTIK ELECTRONIC TESTING CENTRE**, a BIS/NABL recognized lab for Electrical/Electronic Product Testing, have gone through the given Product Sheet / brochure based on which we clarify the following:-

- i) The product is with inbuilt battery; Bulb having inbuilt battery are not covered in scope of Standard IS 16102-1.
- ii) Standard IS 16102-1 is for Product : Self Ballasted LED Lamps for General Lighting Service operating ; But the Standard construction do not cover the construction with Battery.

Therefore the product cannot be evaluated as per IS 16102-1. Therefore not covered in CRS.
