

MT Pro 1/4-20in Magnetic Plate Data Sheet

Main Features

- 1/4-20in Screw to High Strength Magnetic Plate Ensuring Mounting Stability
- Screw Into Any Aputure or amaran Fixture With 1/4"-20 Threads to Gain Magnetic Mounting Capabilities

Target Audience

The MT Pro 1/4-20in Magnetic Plate is ideal for filmmakers and content creators who need increased rigging and mounting flexibilities for small fixtures such as the MT Pro. For users who require a larger variety of fixture placement options for these compact lights, the MT Pro 1/4-20in Magnetic Plate is a small but powerful addition to their tool kits.
